Paul Lauricella knows what justice means. For five years he was an Assistant District Attorney in Nassau County, New York, where he prosecuted drug dealers, rapists, arsonists, and armed robbers.

He brings the same sense of justice to his work on behalf of people who've been victimized by professional and institutional indifference and by corporate greed.

Paul has won multimillion-dollar verdicts against psychiatrists, surgeons, gynecologists, and radiologists. He's won million-dollar verdicts against orthopedists, cardiologists, oral surgeons, and urologists. Not just an expert in handling medical cases, Paul has also won judgments against corporations for their unsafe products and illegal employment practices.

Paul began his career representing the People and he continues to do so today.
